

PORTAGE LODGE CENTENNIAL SERVICE PROJECT

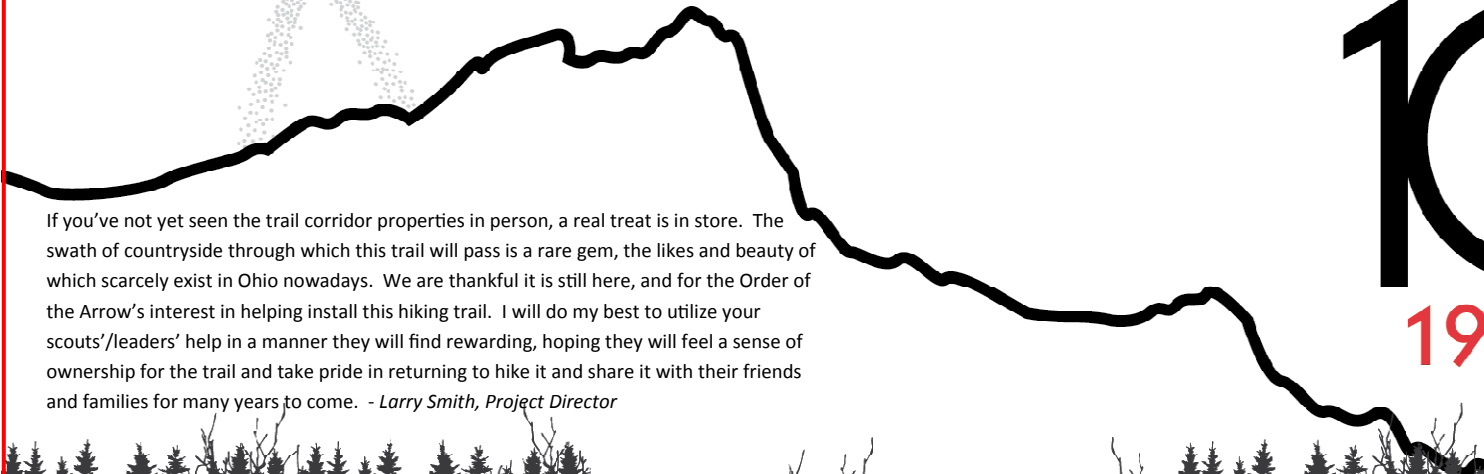

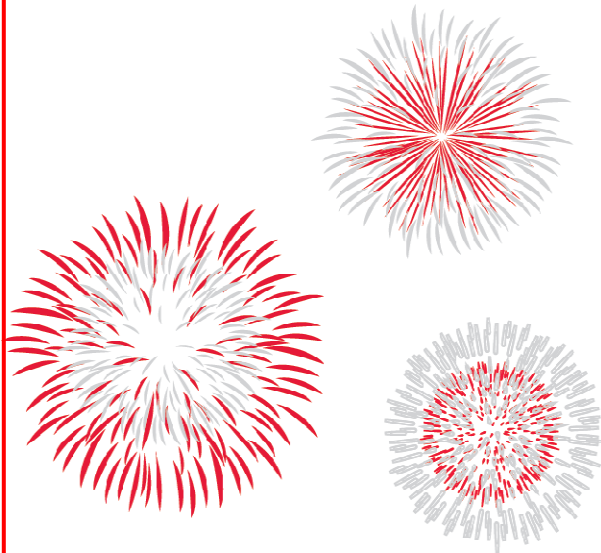

MOHICAN TRAIL CONSTRUCTION PROJECT

100th Anniversary Sponsored Event for Portage Lodge

Friday June 5 to Sunday June 7, 2015

This is a huge undertaking for our Lodge. We need over 100 Arrowmen to commit to help June 6th building four miles of new trail in Mohican Country. We will camp at a local church for the weekend. More information to come at: WWW.Portage619.org

SAVE THE DATE!

If you've not yet seen the trail corridor properties in person, a real treat is in store. The swath of countryside through which this trail will pass is a rare gem, the likes and beauty of which scarcely exist in Ohio nowadays. We are thankful it is still here, and for the Order of the Arrow's interest in helping install this hiking trail. I will do my best to utilize your scouts'/leaders' help in a manner they will find rewarding, hoping they will feel a sense of ownership for the trail and take pride in returning to hike it and share it with their friends and families for many years to come. - *Larry Smith, Project Director*

Fulfills the **Arrowman Service Award** requirement: "Attend your lodge's sponsored 100th Anniversary event"
